## STUDENT WELLBEING AND ENGAGEMENT POLICY

### POLICY

#### 1. School profile Murtoa College:

Situated approximately 300 kilometres north-west of Melbourne and 30 kilometres east of Horsham, Murtoa College is a Foundation to Year 12 School with 249 students. Our local feeder primary schools include Minyip Primary School, Rupanyup Primary School, and Our Lady Help of Christians School in Murtoa. Students from Horsham come from all the primary schools in Horsham. In 2023, our SFOE was 0.5076, meaning Murtoa College serves a generally low to mid socio-economic status community. Over the last decade, the enrolment numbers have been relatively stable, varying between 240 and 280 students. The College's mission is to inspire young minds to grow into lifelong learners. Accordingly, the College vision for learning is for students to develop skills that enable them to succeed in everyday life and pursue their aspirations and passions.

Committed to the values of Community, Inclusion, Respect, and Integrity, the College aims to nurture every student to become a respectful, compassionate and tolerant citizen who is ready to contribute to their local and broader community. The key objectives at Murtoa College are to:

- Improve the learning growth of all students in all areas.
- Ensure all students are motivated in their learning.
- Ensure all students develop a strong sense of belonging and connectedness to the college and their peers.
- Maintain a safe and respectful environment for the whole college community. In addition to drawing students from the local area, approximately 60% of Murtoa College students travel by bus to school each day from surrounding areas that range east to west from Horsham to Rupanyup (45 kilometres) and north to south from Minyip to Glenorchy (approximately 50 kilometres).

In addition to the 50 students from Horsham who travel to the College by bus, students from the following communities and their surrounds also attended the College in 2023: Minyip (33), Lubeck (8), Lallat Plains (30), Kewell-Jung (12) and Jackson Siding (16). In 2023, students attended the College from 3 families whose first language is not English. Moreover, five percent of the student body at Murtoa College have Aboriginal and Torres Strait Islander heritage. In 2023, the College employed 28 EFT Teaching staff and 18 EFT Education Support staff. Within this figure, there exists many part timers.

Murtoa College runs five combined classes in Years F-6 with a total of 100 primary students. There is one class in Year 7 and Year 8, and two classes at each year level in years 9-10 with a secondary school population of 151 students. Classes at Year 11 and 12 had small numbers in all subject areas.

## STUDENT WELLBEING AND ENGAGEMENT POLICY

In the senior secondary years (Years 10-12), the College offered a diverse program and a comprehensive Year 11 and 12 program including Victorian Certificate of Education (VCE), VCE-Vocational Major, and Victorian Pathways Certificate (VPC). In Years 9 and 10, students are offered a core and elective subjects in their program.

In the Junior secondary years (Year 7 and 8), students study English, Maths, Science, Humanities, Languages (German), Health and Physical Education, Food Technology, Art, Visual Communication, Textiles, Digital and Design Technologies (Wood). In the Middle Years (Year 9 and 10), students complete 'core' subjects of Maths, English, Science, Humanities and Positive Education (Social and Emotional Learning) whilst all other subjects were chosen from a comprehensive elective program that follows the Victorian curriculum.

In the primary years (Foundation - Year 6), the specialist subjects of Science, Art, Languages (German) and Physical Education were delivered using specialist subject teachers whilst all other Victorian Curriculum domains in the F-6 area of the college were covered by our specialised team of Primary teachers.

The College provides a variety of extra learning supports to students across the college. These included personalised Literacy and Numeracy support programs across F-10, Hands on Learning and Early Years speech/reading/writing Literacy Intervention programs. The College also offers enrichment programs including Sport, Camps, and educational excursions to expand its comprehensive learning program. In 2023, Murtoa College had no international students and therefore offered no programs in this area.

Our staff use a range of diagnostic and summative assessments to meet this end, regularly administering and analysing results alongside our NAPLAN figures. Students have their progress measured and reported on regularly through the implementation of various assessment processes in each class. Results from these assessments are reported to students and parents on an ongoing basis on the Murtoa College's online Student Management Tool - Compass.

This allows the school to provide regular meaningful feedback for all students and demonstrate that learning is taking place in each class. Murtoa College aims to involve its wider community and keep lines of communication between teachers, students and parents open. Providing consistent updates on the teaching and learning program taking place throughout the year allows the school community to take a more active role in the development of our students. The College offers a comprehensive wellbeing program to support all students, including students with disabilities, mental health and other special needs, and has timetabled daily Student Connect homegroup and weekly hour-long Peer Support classes dedicated to the explicit teaching of School Wide Positive Behaviours and Respectful Relationships curriculum across the College.

**Network:** The school belongs to the Dunmunkle cluster (a group of local small primary schools), as well as the West Wimmera CEP cluster. We are also part of the West

## STUDENT WELLBEING AND ENGAGEMENT POLICY

Wimmera Schools Network and a member of the Wimmera and Southern Mallee (WASM) Local Learning and Employment Network (LLEN), and the WASM careers, VET and VM groups.

**Facilities and Infrastructure:** Murtoa College arose from the amalgamation of Murtoa Primary School and Murtoa Secondary College in 2001 and has been continually developed to improve the learning environment. Capital works to allow the primary students to move to the secondary site were completed in 2003. In 2006 the canteen, the food technology, the science, the information technology and the leading schools fund (LSF) buildings were constructed, giving the school state of the art facilities in all these areas.

The food technology and science buildings were constructed in a unique arc design out of rendered straw bales and feature many environmentally conscious features. In 2010 three new primary classrooms were constructed under the building the education revolution (BER) funding. The College now has a 60kw solar system which provides most of the power required to run the college daily. This has kept Murtoa College at the forefront of innovation in building design and sustainability. The school has also invested heavily in ICT resources such as TV's, Interactive whiteboards and video conferencing equipment (Webex).
